DIRECTIONS FOR USE:

To be used only in the manufacture of Sea Lamprey Larvicide LAMPRECID which is registered under the *PEST CONTROL PRODUCTS ACT*.

PRECAUTIONS:

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL.

For use by trained operators only.

May be fatal if swallowed or absorbed through skin.

Avoid contact with skin and eyes.

May produce severe burns.

Care must be exercised in handling the Technical Active.

Wear protective clothing and equipment, such as respirator, chemical resistant gloves, goggles or face shield, and chemical resistant apron.

Wash hands and face carefully after handling and before eating, smoking or drinking.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if

possible. Call a poison control centre or doctor for further treatment advice. If in eyes Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

NO EFFECTIVE ANTIDOTE:

Medical Personnel should contact CHEMREC at 1-800-424-9300; International: 1-703-527-3887
For the Physician: Administer oxygen (against paralyzing effect on respiration). Possibility of methemoglobinemia cannot be excluded.

STORAGE:

Containers of Technical Active should be stored in an area where spills or leakage of the material can be contained. Guard against heat or sunlight. Do not store at temperatures below 0°C or above 50°C. Normal storage temperatures should be between 5-30°C. Do not contaminate or store near feeds, seeds, or foodstuffs. Keep away from fire, open flame, or other sources of heat. Keep in original container during storage.

DISPOSAL AND DECONTAMINATION:

Canadian formulators of this technical should dispose of unwanted active and containers in accordance with municipal and provincial regulations.

For additional details and clean up of spills, contact the provincial regulatory agency or the manufacturer. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

ENVIRONMENTAL HAZARDS:

Directions for use must be strictly followed to minimize hazard to non-target organisms by cleaning of equipment or disposal of wastes. Open dumping is prohibited.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons and property that arises from any such use of this product.
