PRECAUTIONS

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL.

For use by trained operators only. Fatal or poisonous if swallowed or inhaled. DO NOT inhale sprays or vapours. Severely irritating to eyes and skin. Potential skin sensitizer. DO NOT get in eyes or on skin. Care must be exercised in handling TFM Technical. Wear protective clothing and equipment, such as respirator, chemical resistant gloves, goggles or face shield, and chemical resistant apron. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

FIRST AID

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN/CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Never give anything by mouth to an unconscious person. Take the container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: NO KNOWN EFFECTIVE ANTIDOTE.

For the Physician: Administer oxygen (against paralyzing effect on respiration). Possibility of methemoglobinemia cannot be excluded.

DIRECTIONS FOR USE:

To be used only in the manufacture of a sea lamprey larvicide which is registered under the PEST CONTROL PRODUCTS ACT.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE:

Containers of TFM Technical should be stored in areas where spills or leakage of the material can be contained. Guard against heat or sunlight. Do not store at temperatures below 0°C or above 50°C. Normal storage temperatures should be between 5-30°C. Do not contaminate or store near feeds, seeds, or foodstuffs. Keep away from fire, open flame, or other sources of heat. Keep in original container during storage.

DECONTAMINATION AND DISPOSAL:

Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER: This control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product
